

Kashif Ali

Date of birth: 3 Oct 1998 | **Nationality:** Pakistani | **Gender:** Male | **Phone number:** (+92) 3057502419 (Mobile) | **Email address:** alikashi54321@gmail.com | **Address:** Multan, Pakistan, 66000, Pakistan (Home)

About me:

Experienced Full Stack Developer with expertise in front-end frameworks such as Angular, as well as back-end technologies including PHP, Laravel and databases such as MySQL. Committed to writing clean, maintainable, and well-documented code, with strong collaboration and version control skills.

WORK EXPERIENCE

20 JAN 2022 – CURRENT Lahore, Pakistan
LARAVEL DEVELOPER DEVSTUDIO

Project Name : Mailboxes Shop

Description :

I developed shop admin and customer portal APIs using PHP, Laravel technologies. On admin side I implemented APIs for authentication along with 2FA using mobile and email for user by using Laravel sanctum. I implemented roles and permissions based access of user for each module. I implemented user, category, menu, product and CMS management APIs using PHP, Laravel. I implemented multiple sidebar filter options to filter out products, excel import and export functionality, product mailboxes, merchants, images, menu, tags and categories along their sorting functionality against particular product management. On customer side I implemented APIs for listing of products, sidebar filters to filter out products, product detail. Similarly I implemented APIs for shopping cart management like product add to cart, remove from cart, update cart item, checkout. I designed customer order PDF using HTML and CSS and used this design to implement API for generating the customer order pdf by using PHP/Laravel DOMPDF package, implemented inventory or stock management in overall across system.
